THE STORY

Vergi vodka is made using grain spirit of the highest purification class and with a unique silver filtration method. This series has been named after a dock in a small village called Vergi, located in North Estonia. The dock is protected by a cove, it lies next to sunset and harmony – where all sailors and sea lovers can rest their spirit and nurture their soul.

THE TASTE

One can feel a crisp glimpse on the tongue with the first taste, as an accent, which then develops into a smooth freshness. To be enjoyed straight or on the rocks.
